

# Remco van Dongen

## 3d artist

### Job placements:

#### Inspired Minority Pictures, 2009

Independent film studio located in Cape Town, South Africa where I did an internship as a digital effects artist on the short film Pumzi and the full feature Spoon. I also had the chance to be on set and do some (bad) dancing in a music video. The skills I practiced were:

- Rotoscoping
- Keying
- 2d tracking

#### PlusAnimations, 2008

An architectural visualization firm, the production side of it is located in Buenos Aires in Argentina. I did an internship there working on projects like BAM Drachtevaart, Bam Hofkwartier and AMB Fokker Logistics Park, Schiphol. For these projects I did some of the modeling, texturing, lighting and basic animation. The skills I practiced were:

- Polygonal modeling
- Lighting
- Render wrangling

#### Groosman Partners, 2002

An Architectural firm located in Rotterdam in The Netherlands where I did a 6 months internship as a drafter. The skills I practiced were:

- Adjusting & producing blueprints
